

HOME, GARDEN & REMODELING SHOW

MARCH 2-4, 2018

PRESENTED BY **CHAMPION** 

Powered by: **LG&E**
a PPL company

FOR IMMEDIATE RELEASE

The 70th Annual Home, Garden & Remodeling Show *Blank Canvasses Transformed into Larger-Than-Life Louisville Tributes*

Louisville, Kentucky (February 13, 2018) – The Home, Garden & Remodeling Show presented by Champion Windows and powered by LG&E is celebrating 70 consecutive years as the largest, longest-running and locally produced Home Show in the region. From March 2 – 4 at the Kentucky Exposition Center, tens of thousands of guests will be welcomed to view and get inspired by the latest and greatest in home and garden related products and services. Nearly 7 acres and over 350 booths will transform the exhibit hall with beautifully built displays and custom demos, as well as trusted industry professionals on site to answer questions.

The **Entertainment Stage** presented by Logan Lavelle Hunt Insurance and Wealth Management has always been a staple of the event and provides all the elements of fun and surprise. An exciting new twist to this year's Show is the addition of *ArtExplosion* as the featured entertainment. *ArtExplosion* will bring in two of their most highly sought-after talents to host live speed painting demonstrations in perfect sync with background music. These large scale, one-of-a-kind masterpieces will come to life right before the eyes of an enamored audience. The fast pace creation of these works of art will transform the stage into a living work of art.

Featured artist SOPHIA is a highly skilled entertainer with a background and education in Art. She first took to the stage in 2015 with a team of speed painters and quickly took the lead as Art Director. SOPHIA's specialty is portraiture and she will transform the giant blank canvasses into a larger than life Louisville tribute in mere minutes. "This invigorating and dynamic form of art allows me to bring my artistic skills to a new and wider audience, inspiring people from across the globe," says SOPHIA. "My goal is to inspire beauty and expand the notions of possibility in the lives of others in my art."

SOPHIA will be accompanied on stage by another globally acclaimed artist Dani Lenski. Dani has performed for audiences around the world with her singing and appeared in many roles in independent films, television and the silver screen with her acting talents. She credits her love of all art to finding a career path that allows her to enjoy and pursue her passion in a variety of artistic mediums. Dani will take to the stage alongside SOPHIA during their performances and will grace the audience with her singing and emcee skills.

This type of entertainment has never been seen at the **Home, Garden and Remodeling Show** and is sure to “wow” the audience. *ArtExplosion* promises to bring a whole new energy to the Show and is yet one more reason why you should not miss this event. Multiple showtimes will be offered daily and are free with admission. These high energy shows are fun for and suitable for all ages. Don’t miss the opportunity to enjoy art-in-motion, all while crossing off those items on your “honey-do” list!

The **Home, Garden & Remodeling Show** is proudly produced by the **Building Industry Association of Greater Louisville (BIA)**. The BIA is a member organization supporting the building industry and produces other quality shows in the Louisville area such as **Homearama, Tour of New Homes** and **Tour of Remodeled Homes**.
